

# Women of India Travels with Libana 2012 Calendar

*When seen through the eyes of the heart, India's beauty can expand and enrapture the soul. From the microcosm to the macrocosm, India vibrates with a sensory intensity; saturated colors pulsate in a frequently uproarious visual environment, and a full-spectrum experience of life is palpably perceptible virtually anywhere you look.*

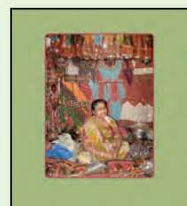

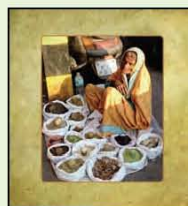

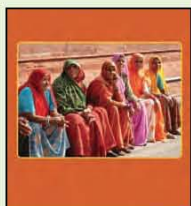

*Invited to be artists-in-residence at the American Embassy School in New Delhi in February of 2011, LIBANA, the acclaimed world music and dance ensemble, embarked on a transformative three week tour of performing, teaching and making cultural connections throughout North India. This calendar is lovingly compiled from over seven thousand photographs documenting their journey.*

***Libana dedicates Women of India to the peaceful spirit, determined strength, abundant creativity and radiant dignity of India's six hundred million women.***

***A portion of the proceeds from calendar sales will be donated to three organizations that opened their doors and hearts to Libana while in India.***
